In Ireland, Grant Thornton is the fastest growing professional services firm with over 1,300 people in 7 offices across Ireland and deliver Audit, Tax and Advisory services.

More than 1,200 multinational companies from the US, UK and Europe have chosen to make foreign direct investment into Ireland to set up some form of international operations. Ireland is typically chosen because of it is a gateway to the European Union, has a pro-business global outlook, a stable corporate tax regime and a skilled, English speaking, workforce.

The Japan Desk has been established in Dublin to deliver services to Japanese companies whom already have a presence in Ireland or whom wish to expand their business into the country. We provide assurance, tax, advisory, BPO services by collaborating across global member firms.

Our collaborative style enables us to assemble teams across service lines, industries and geographies to tailor our capabilities to our clients' needs. We also adopt a flatter structure, with shorter decision making chains, to empower our teams to respond quickly to clients.
